

THE ISSUE STARTS HERE:

@MoSafeRx

Educating college students on the dangers of misusing prescription drugs and providing alternative healthy behaviors!

THE ISSUE:

Flushing prescription drugs can have harmful effects on the environment, public safety and people's overall health!

HOME DISPOSAL:

Do NOT crush tablets or capsules
Mix medications with substances like kitty litter or coffee grounds,
Put mixture in sealed container, throw container in trash
Scratch out all information on prescription bottles before throwing out

DISPOSAL:

Take Back Events:
Take unused prescriptions to your schools' next take back event!

Drop Box:
Between take backs, take your unused prescriptions to your local drop box!
